Subject: Microsoft Settlement

To the Department of Justice:

I am writing to register my opinion that the Microsoft case should be settled as soon as possible and not be further litigated. I base my opinion on the fact that the federal government and nine states have already reached a comprehensive agreement with Microsoft to address the reduced liability found in the Court of Appeals ruling. I believe that this settlement is tough, but reasonable and fair to all parties involved. I also believe that this settlement is good for consumers, industry and the American economy.
